[AVAILABLE] | New assignments - France - Belgium - Switzerland

Mounir Hadir

QA Analyst • Functional Testing & Agile

8 years of experience bridging technology and business. I design, run and automate the test strategies that de-risk every release - because quality is not a final step, it's a **performance lever**.

// METHOD

A quality pipeline, not a stage.

Five reflexes, from the first acceptance criterion to the final green light.

01 **Analyse**
User stories, acceptance criteria, risk mapping.

02 **Design**
Test plans, scenarios, acceptance books and test data.

03 **Execute**
Web, mobile, API, mainframe - manual and exploratory.

04 **Automate**
Agilitest, Playwright, regression and critical journeys.

05 **Steer**
Defects, KPIs, sprint reviews and GO / NO GO decisions.

01 - WHAT I DO

My QA expertise

From test strategy to final sign-off, I cover the entire quality cycle - with one obsession: ship without surprises.

// STRATEGY

Strategy & Analysis

- User story analysis and acceptance criteria definition
- Test plans, acceptance test books and scenarios
- Regression scenarios and test data sets

// EXECUTION

Execution & Technical

- Manual testing across Web, Mobile and Mainframe
- Log, output-file and database analysis
- API testing with Postman and Bruno
- Journey automation with Agilitest and Playwright

// QUALITY

Quality & Collaboration

- Defect lifecycle management (Jira, Xray, Mantis)
- Root-cause diagnosis with developers
- Agile facilitation: daily, planning, retrospective

02 - CAREER

Detailed experience

My assignments, contributions and concrete results. Every assignment is fully detailed below.

QA Analyst · Test & Acceptance Engineer

CONSORT GROUP - Oney Bank assignment

Nov. 2024 - Sept. 2026

Critical banking systems: collections, credit journeys.

- **Functional & end-to-end customer journey testing:** end-to-end acceptance of the credit journey and of the collections unit (unpaid management, payment links, bulk direct debits).

  RESULT: critical features released to production safely, with no major incident.

- **Agile facilitation & demos:** hands-on feature walkthroughs on a dedicated functional environment, directly with business teams during Sprint Reviews.

  RESULT: faster business sign-off and fewer back-and-forth rounds between developers and end users.

- **API testing & automation:** designed and ran technical tests on APIs with Bruno to validate settlement flows; automated reminder and customer-communication processes (SMS and email triggers and content).
- **Quality & collaboration:** managed the defect lifecycle in Jira/Xray (identification, qualification, revalidation), diagnosed root causes with developers (logs, output files, DB2 queries) and clarified business rules with POs/BAs.

ENVIRONMENT: Jira · Xray · Bruno · DB2 · Mainframe · Agile / Scrum

QA Analyst

ANTENIA - NEO software suite

June 2023 - Oct. 2024

French insurance software vendor (property & casualty, health, protection) since 1986. Quality of the NEO suite (Core, Pricing, Partner, Selfcare) for major accounts such as GENERALI and SWISSLIFE.

- **Data configuration & migration** (GENERALI, SWISSLIFE): configured health and protection products, migrated data to NEO Core - the contract and claims back office - validated step by step with contract management tests.

  RESULT: reliable migration for two major insurers, with service continuity and regulatory compliance.

- **Pricing tests (NEO Pricing):** validated the pricing engine, rate grids, premium calculation criteria and cross-cutting business rules; checked rate distribution via API to partners (extranets, comparison sites).
- **Digital ecosystem validation:** online sales journeys on NEO Partner (secure broker extranet) and NEO Selfcare features (self-service customer portal).
- **Automation & API:** repetitive test scenarios automated with Agilitest to secure releases; rate grids and customer configuration checked with Postman.

ENVIRONMENT: Agilitest, Postman, Jira, Mantis, NEO Core, NEO Pricing, NEO Partner, NEO Selfcare

QA Analyst

AFI ESCA - Borrower insurance & protection

Sept. 2020 - June 2023

Family-run insurer specialising in borrower insurance and protection. Contributed to digitising underwriting and to the shift towards Agile.

- **Digitisation & customer journeys:** acceptance testing of electronic subscription journeys (Web and API) and of the GESTASSA business back office.

  RESULT: digital journeys for brokers and policyholders released safely.

- **Agile / Scrum transition:** supported the team moving from the V-model to Agile/Scrum, actively took part in ceremonies and built quality in from design (Shift-Left Testing).
- **API & pricing tests:** verified the pricing engine through APIs and checked results in partner brokers' quoting tools, ensuring customers see accurate data.
- **KPIs & reporting:** built and tracked performance indicators (electronic vs paper subscription rate, conversion rate) to measure the impact of digitisation.
- **Quality & documentation:** requirements traceability, test result documentation and defect management through to resolution.

ENVIRONMENT: Web, API, GESTASSA, Agile / Scrum, V-model

QA Tester

AFI ESCA - Apprenticeship

Sept. 2018 - Sept. 2020

First steps as an apprentice on the digitisation of underwriting processes, in a V-model methodology.

- **Functional testing:** validated electronic subscription journeys (borrower insurance, protection) across Web, API and the GESTASSA back office.
- **Quality & CRM:** identified and tracked defects with Trello; worked with CRM teams to keep client requirements and application behaviour aligned.

ENVIRONMENT: Web | API | GESTASSA | Trello | V-model

03

Complementary experience

Varied contexts that shaped the skills I use every day in QA: rigour, pedagogy and grace under pressure.

ESCEN - Lecturer

Nov. 2022 - Jan. 2025

Admission panels and project-management coaching.

QA SKILL

Structure and plan test campaigns, identify risks and coach teams towards excellence.

HYROX - Athlete

Sept. 2023 - Present

Competitive high-level training (running + strength).

QA SKILL

Pressure management, persistence hunting complex bugs and iron discipline in test execution.

Institut de l'Engagement

April 2019 - July 2024

Awardee - career support and volunteer commitment.

QA SKILL

Networking and investing in collective projects.

Animafac - Assistant project manager

Sept. 2017 - April 2018

Event organisation and multi-channel communication plans.

QA SKILL

Project management, team coordination and communication.

RGIS - Junior manager

Oct. 2015 - Sept. 2020

Field team supervision, inventory organisation, strict deadlines and quality procedures.

QA SKILL

Procedural rigour, management and deadline adherence.

Trema - Accounting

Oct. 2014 - Nov. 2014

Accounting internship.

QA SKILL

Rigour and analysis of numerical data.

04 - TOOLBOX

Technical skills

The tools and methodologies I use daily, from test management to technical analysis.

01 Test management

- Jira
- Xray
- Mantis
- Trello

02 API testing

- Bruno
- Postman
- Flow validation
- Status codes

03 Automation

- Agilitest
- Playwright
- Regression

04 Databases & logs

- SQL
- DB2
- Log analysis
- TSO

05 Methodologies

- Agile / Scrum
- Sprint Reviews
- DoD
- V-model
- Shift-Left Testing

06 Environments

- Web
- API
- Mobile
- Mainframe

07 Business Intelligence

- Power BI
- Excel
- Google Analytics

08 CRM & business tools

- Salesforce
- GESTASSA
- NEO Core
- NEO Pricing

05 - CREDIBILITY

Education & certifications

Expertise backed by the industry's standards - and continuously sharpened.

2026

ISTQB® Certified Tester Foundation Level 4.0
ISTQB - CTFL

2026

Introduction to AI
Google

2022

Agile Explorer
IBM

2026

International Certified Personal Trainer (ICPT)
NASM

06 - DEGREES

Professional Master's - Digital Strategy / IT Project Management
PPA Business School — 2018 - 2019

Bachelor's degree in Marketing & Communication
PPA Business School — 2017 - 2018

Bachelor's degree in Business Management
University of Reims Champagne-Ardenne — 2013 - 2017

07 - CONTEXT

07

Languages & mobility

French — NATIVE
Primary working language

Arabic — NATIVE
Bilingual

English — PROFESSIONAL
Technical documentation & international collaboration

Mobility — 3 COUNTRIES — France, Belgium, Switzerland
Open to opportunities and varied environments, on-site or remote.

READY TO COLLABORATE

Let's secure your next release.

A project, a team to strengthen, an acceptance phase to structure? Let's talk about your next QA challenge - I reply quickly.
